

Zwijndrecht, 18th August 2018

We are committed to environment friendly and high quality transportation of goods for human consumption and animal feeds to safeguard (food)safety wellbeing.

Therefore we take precautions and endeavour *zero incidents, accidents and spills*.

We are ambitious with a healthy passion for our industry and continuously motivated to learn from the feedback of our operations.

Inland Transport Solutions is strictly exploiting vessels meeting high technical maintained conditions in accordance with our internal policies.

All activities are in accordance with the local and international laws and regulations with a focus on the demands and requirements of the industry and our customers.

We are convinced that our policies and internal procedures will lead to maximum customer satisfaction and continuation of our organisation.

On behalf of the management,

Peter van Poortvliet  
Director
